

JSI JOURNAL

QUALITY CABINETRY

MARCH, 2004

First things first, we would like to thank you all for your business. It was a year of many changes, all which were good. J.S. International had a total makeover...new logo, new literature, new catalogue, and an expanded assortment. We would also like to welcome the many new customers and rep firms who joined our team within the last year.

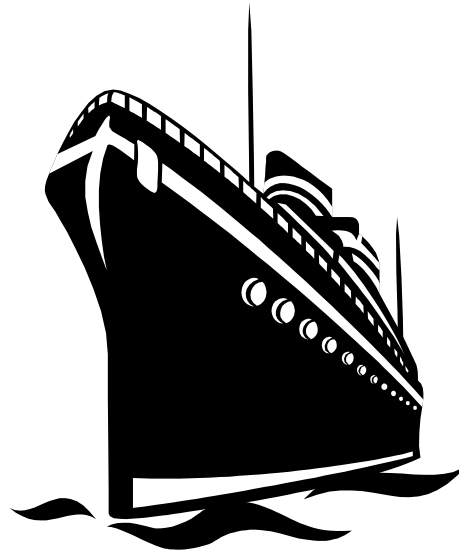

This year will prove to be even far more exciting as we continue to become a business partner with our dealer base, by supplying quality product at affordable pricing.

New Kitchen Line

We will be mailing out a new list price catalogue within the next couple of weeks which will be effective **April 15th** (don't worry-no price increase!!). Some of the new highlights will be:

- Introduction of **Lexington**, our new glazed kitchen line. We have put a medium stain and a brown glaze on our Beacon Hill door.

We are also going to finally have **kitchen literature**. We will mail everyone copies. As with the vanity literature,

order quantities when you need them.

New Items

- The following new items have been added to both our Beacon Hill and Lexington lines.

- Larger Crown**
- Rope Moulding**
- Dentil Moulding**
- Light Rail**
- Furniture Base Moulding**
- Turn Post**
- Decorative End Panels**
- 15" Deep Diagonal(glass door)**
- Angle Base & Wall Cabinets**

Black Granite

We are also adding **black** to our granite vanity colors.

New Vanity

Also being added to our Beacon Hill vanity assortment (which just happens to be 34 1/2" high so it can also be used in the kitchen line) is a **30" wide curved door vanity**. This, in combination with 2 15" vanity drawer bases, makes a great looking 60" set.

20/20

20/20 will also be available when the new catalogue is distributed. If you require a 20/20 disk please let us know ASAP so we can have one sent out.

KBIS/Chicago

Last but not least we will be showing off most of this at the KBIS show in Chicago on April 2nd thru the 4th. Our booth number is **6982**. Please stop by to say hello and get an up close look at some of our new product.
